A mindset

A well-known and highly attractive French brand, Chausson also benefits from a network of dealers in over 15 European countries.

Like their big brothers - the low profiles, overcabs and A-class vehicles - the vans in the 2018 collection are designed with the same bold and innovative approach.

This year, boldness is highlighted in a new range of colors.

Innovations include a new and even more effective Flexbox system and a large 140-liter refrigerator that offers greater functionality and more storage space.

TWIST comes in three lengths, seven models and two finishes.

The Fiat chassis, an essential element for high-quality travel

Fiat is still THE reference brand on the motorhome market and the reliability of the Ducato is well established. The Fiat equipment chosen by Chausson has everything you need to broaden your horizons with optimal comfort and full safety.

- 1 ▶ Driver's airbag,
 - ▶ braking assistance (ABS): an anti-lock system that keeps wheels from blocking when brakes are applied intensively,
 - ▶ anti-slipping (ASR): a system that regulates acceleration to keep the driving wheels from losing traction,
 - ▶ six-speed gearbox.
- 2 ▶ Very comfortable "Captain's chair" seats: these new Fiat seats have a built-in headrest, a wider back, better lateral support, two armrests and a seated position that's more comfortable than ever. They pivot 180°. After pivoting, the seats can be slid forward to get them close to the eating area. They are height- and angle-adjustable as a standard feature.
- 3 ▶ Cab radio pre-equipment, with four loudspeakers,
 - ▶ electrically controlled windows,
 - ▶ central bottle-carrier console with a cell phone compartment.
- 4 ▶ Central locking of cab doors.
- 5 ▶ Hubcaps on wheels, tyre repair kit.

High-quality insulation

All Chausson vans benefit from the new VPS (Van Protection System) insulation. The van is fully covered with polyester fiber insulation that fits perfectly to the metal structure.

VPS provides:

- ▶ better insulation (heating/cooling),
- ▶ suppression of thermal bridges,
- ▶ better heat distribution,
- ▶ reduced energy consumption,
- ▶ better sound insulation.

VPS insulation

Comfortable equipment

- ▶ High-quality bedding
 - Our main bedding comes with a sturdy slatted base as a standard feature for greater comfort and ventilation.
- ▶ Clever storage
 - All our rear beds can be raised for easy access to storage areas. Every little nook and cranny is used for storage.
- ▶ High-end seating
 - The foam in our cushions is specially designed to provide firm comfort for seating.
- ▶ Slide-out washbasin
 - Slide-out washbasin allows re-arranging the shower and toilet area (except V594 S and models with central shower).

V594 S Start, options: VIP pack

a real fully-equipped kitchen

- ▶ A real gas stove top
 - Kitchen equipped with two gas burners. A protective glass cover is available. When open, the cover protects walls from cooking splatters; when closed, it becomes a work area.
- ▶ Refrigerator in upper position
 - With storage area below (except V594 S and models with central shower).
- ▶ Outside table
 - Our vans are equipped with an outside attachment for a table, depending on the model.

Well-designed lighting

- ▶ 100% LED lighting on the inside
100% LED lighting provides ten-fold savings in energy and a product lifecycle that is thirty times longer.
A bright choice for you and the planet!

Heating can be used on the road

- ▶ You can use all our heating systems on the road with no constraints.
This is ideal for your passengers and very handy for heating the unit before you stop thus creating the ambient temperature for your arrival.

Easy accessibility

- ▶ Just one key
Just one key for both vehicle and doors.
No more cumbersome key sets!
- ▶ Useful day and night
The bathroom, kitchen and closet are easy to access both day and night at any time.

Useful pre-equipment

- ▶ TV pre-equipment
Whatever the version, all our vans have at least one 220 V/12 V TV-antenna outlet.

Exclusive standard extras

In addition to Start finishing, **the Exclusive version** comes with many extra features:
